

# Fallstone Homeowners Association (FHA)

## Approved Exterior Colors

The approved FHA colors are broken down into four (4) categories, described below. Please remember that the Declaration of Covenants requires that you submit to the Architectural Control Committee for approval all proposed exterior additions, changes or alterations to your house and lot.

### Front Door & Shutters

- If you will be replacing your front door, Home Depot sells doors with approved colors already baked into the door which will not require painting. These colors are as follows:

- If you will be repainting your front door and/or shutters, then the following paint colors from McCormick Paints are approved for use:
